

Guide Book
ASSOCIATIONS
DE GEOL'

BUREAU DES ELEVES

Keywords :

School life, Leader, Link

Tasks :

- ✦ Be responsible for the school store.
- ✦ Represent the students with the administration and external interlocutors (other schools and companies).
- ✦ Organize all kinds of events to enliven school life and make it as friendly as possible.

The BDE or Bureau Des Etudiants is an association that animates the student life of the school. He is the privileged interlocutor of the students and the meeting point between the various associations of the school. It is composed of a president, a vice-president, a secretary, a treasurer, and a vice-treasurer.

Why you absolutely have to join us?

We are the privileged intermediary of the administration, and we energize the life of the school.

In case you want to contact us here is our insta: [@bde_geol_nancy](#)

Keywords :
Sport, Leisure,
Tournaments

Tasks :

- ✦ Offer licenses in different sports (football, basketball, rugby, etc.) at the start of each year.
- ✦ Be responsible for the management of the Tournaments which will bring together different schools across Brabois, Lorraine and even France.

The Bureau Des Sports is an association which organizes sporting events and promotes sports practice among the students of the school. It encourages students to practice a sport for leisure or competition to strengthen and maintain their well-being and their health.

Why you absolutely have to join us?

We organize sporting events to energize school life and to allow athletes to practice their passion.

We know you already want to join us, but come and see our insta to motivate you even more: [@ensg.bds](https://www.instagram.com/ensg.bds)

Tasks :

Keywords :

Theatre, Sewing, Drawing

- ✦ Promote the arts and introduce the curious.
- ✦ Offer courses in dance, sewing, drawing, etc....
- ✦ Organize cultural outings and cinema screenings.

The Bureau Des Arts (BDA) is an association whose aim is to promote the artists of the school. It therefore supports the cultural and artistic activities of the school. Organizes each year, thanks to its partnerships with the other schools on the Brabois campus, the week of the arts which is a week of shows (assembly and presentation of dance, theatre, improvisation, etc...).

Why do you absolutely have to join us?

Have you always dreamed of opening to the arts and showcasing your talents? This is an opportunity for you to do so by participating in BDA activities.

No more hesitation, join us on our insta: [@bda.ensg](https://www.instagram.com/bda.ensg)

**Keywords :**

WEI, Afterwork, Families

Tasks :

- ✦ Ensure the links between the different promotions by carrying out afterworks, for example.
- ✦ Organize the WEI, the perfect time to have fun between the current promotions (and even more)!

As you will have understood, this association is entirely managed by 3A. They organize afterworks and in addition they have the important task of organizing the integration weekend. During this weekend different "families" compete during the day, but always end up meeting around the famous pig roast!

Why do you absolutely have to join us?

Being ourselves in the middle of a transition phase, this association is the best place to forge links with members of other promotions, links with the remaining 3A and even with the oldest!

Having no insta page, to get to know them better the easiest way is to come and chat during an afterwork.

Keywords :

Parties, Beers, Fun

Tasks :

- ✦ Organize events in a non-school atmosphere.
- ✦ Allow students to enjoy a friendly place every day of the year.

The Foyer is the association responsible for organizing weekly themed evenings on Wednesday evenings from 7:30 p.m. to 10:30 p.m. (or until 2:30 a.m. the week before each holiday) during which students can come and dance and eat croque-monsieur. The Foyer team ensures the smooth running of the party (security, infirmary) and tidies up the foyer after the evening. It also organizes table football and pool tournaments, match screenings and more.

Why do you absolutely have to join us?

We are a close-knit team that always brings joy and good mood.

We drop the insta, but we know that you will come at least once to the foyer: [@foyer_geol](#)

**Tasks :**

- ✦ Organize events and various sales to raise funds.
- ✦ Take charge of the atmosphere and the decoration of the gala: a theme is chosen each year!

Keywords :

Parties, Shows, Pancakes

The Gala association organizes and ensures the smooth running of the Gala evening which is traditionally held between the end of November and the beginning of December. At the beginning of the year, we organize events and various fundraising sales to manage the various service providers needed for the evening, such as the room, the buses, or the caterer. The Gala is an evening with different performances such as the Pompoms, the Loustics, the school music group and which ends with an evening where you can turn up until 4am.

Why do you absolutely have to join us?

Being part of this association allows you to develop skills in working in a group and organizing an important event.

To be amazed, find us on our insta page: [@gala_ensg](#)

Keywords :

Companies, Forum,
Network

Tasks :

- ✦ Take care of the good contact between the companies and the forum before, during and after the forum.
- ✦ Organize the forum.
- ✦ Set up stands and ensure the smooth running of the event on D-Day.

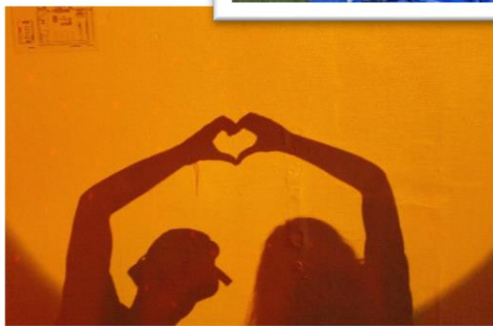

The association Géologia helps to organize the largest meeting forum between students and professionals in the world of geosciences with the support of the administration. Geologia is the event not to be missed for networking, and participating in its organization allows you to get to know the companies better and to have privileged contact with them.

Why do you absolutely have to join us?

Being part of the association allows you to maintain privileged contact with the companies in the forum!

We are too corporate, we have a website: <https://geologia.univ-lorraine.fr/>

**Keywords :**

Hiking, Trek, Nature

Tasks :

- ✦ Organize several outings over a day to discover the region.
- ✦ At the same time, offer an introduction to activities such as mountaineering, which goes hand in hand with hiking.

The Trekyte is an association created recently, more precisely last year, and intended to bring together all hiking enthusiasts. Its main goal is to try to discover the hidden treasures of Lorraine and especially the Vosges.

The association organizes several outings over a day or a weekend for activities related to hiking such as via ferrata, caving, canoeing or even trekking.

Why do you absolutely have to join us?

Trekyte is very young, it is still in full development!

Nothing beats a good hike to convince you, but come and dream with our insta: [@trekyte_ensg](https://www.instagram.com/trekyte_ensg)

MARTEAUX DE GEOL

Keywords :

Minerology, Fossils,
Quarries

Tasks :

- ✦ The most important mission is to find interesting places to discover.
- ✦ Organize different expéditions.
- ✦ To discover the geology of the region and its surroundings.

It is an association for enthusiasts of mineralogy, paleontology and gemmology in search of minerals and fossils during expeditions in Lorraine, Alsace and Germany. In winter, we offer outings to quarries and museums! In addition, if you like hiking, we also organize outings in partnership with the Trekyte association!

Why do you absolutely have to join us?

Joining us is primarily a way to discover the beauty of the region and learn more about the minerals that surround us.

As a good geologist, you don't need Instagram to join us:
@les.marteaux.de.geol

Keywords :

Ski, Snowbord, Raclette

Tasks :

- ✦ Offer group rates and make the trip as accessible as possible.
- ✦ Make reasonable destination choices and reservations.
- ✦ Collect funds, in particular through sales, in order to lower the price of the trip.

Géol 'O' Ski is an association composed mainly of first-year students and which aims to give them experience in skiing. They organize a trip during a week in the year to ski for their promotion (anyone outside the promo, but interested in the event is welcome however). The trip takes place for a week, excluding lessons, to have your ideas well ventilated and to go ahead without worries of an educational nature.

Why do you absolutely have to join us?

This year it's your turn to discover this magnificent event, so what are you waiting for?

While waiting for winter and this magnificent week of skiing, join us on insta: [@geol_o_ski](https://www.instagram.com/geol_o_ski)

Keywords :

Mines, Travel, Raw
Material

Tasks :

- ✦ Find sponsors and manage all the administration around the project.
- ✦ Create goodies to help finance the project.
- ✦ Organize the trip (plane ticket, site visit, accommodation, etc.).

Géol 'Explo Mines is an association of 3rd year students in the Engineering and Management of Mineral Raw Materials option ("Mines" for short). The members do mailings, exchange with companies in order to find sponsors, set up scholarship files, communicate around the project but also create goodies to help finance the project. The final objective is to organize the end-of-year option trip.

Why do you absolutely have to join us?

The objective of the association is to organize a trip for students, by students, which makes it so interesting, and allows us to immerse ourselves in the organization of an unforgettable experience abroad.

Join us on linkedin to find out more: **geol-explo-mines**

©CCEDHEC

Keywords :

Sailing, Discovery, Race

Tasks :

- ✦ Participation in the Course Croisière EDHEC.
- ✦ Training on lakes around Nancy.
- ✦ Discover a new sport for the most curious.

The legend says that it would be the oldest association of the school. In the meantime, it remained closed for a while. This year, the Geol'Marine association has reopened and intends above all to promote sailing among geologists. For that nothing better than to participate in the Course Croisière EDHEC, which is the biggest student sporting event in all of Europe (just that). Training on lakes around Nancy, it is envisaged one day to introduce sailing to the most curious.

Why do you absolutely have to join us?

Geol marine is a geolian association that allows students who wish to do nautical activities, and more particularly to discover this cool and atypical sport that is sailing.

Come and find out more on our insta page: [@geolmarine](https://www.instagram.com/geolmarine)

Tasks :

- ✚ Trophy solidarity rally.
- ✚ This race which crosses Spain and Morocco helps with the schooling of Moroccan children and supports the French Red Cross.

Keywords :

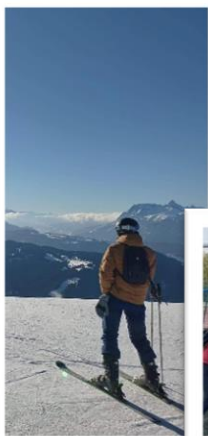

Race, Car, Charity Project

The association Géol' a des Ailes is a student association under the 1901 law of the Ecole Nationale Supérieure de Géologie in Nancy. Created in 2012 by students from the school, each year it allows students to raise the funds needed to prepare for and participate in the 4L Trophy. This is a solidarity car raid open to students aged 18 to 28. The objective is to cross France, Spain, and the Moroccan desert in teams of two aboard a 4L. Each team must go through a preparation stage: search for sponsors, purchase, and preparation of the car... It is a real initiatory, human and sporting orienteering race.

Why do you absolutely have to join us?

The 4L trophy is an incredible human and sporting experience, full of encounters and difficulties.

Come and discover support us and follow us on our insta:
[@geol_a_des_ails_2023](https://www.instagram.com/geol_a_des_ails_2023)

Keywordss :

Charity project, Peru,
Travel

Tasks :

- ✦ Organize various activities.
- ✦ Intervene in schools in Nancy.
- ✦ Plan and organize missions to be carried out in Peru, and memorable charity evenings.

Géol' Esperanza is a solidarity association. The objective is to finance development projects of an educational, social, ecological, and cultural nature in Peru. To achieve this, it organizes various activities (charity evening, snack, typical meal, intervention in schools in Nancy, afterwork, participation in the organization of trails, etc.) in order to collect a maximum of funds as possible for its mission in July.

Why you absolutely have to join us?

To live an unforgettable and unique experience in Peru. The good agreement is at the meeting in the team.

To make you want to live the adventure with us, check out our insta: [@geolesperanza](#)

Tasks :

- ✦ Raise funds through scholarships, partnerships, and events within the school.
- ✦ Forge links with primary and secondary schools to introduce them to India, the association's missions, and geology.

Keywords :

Charity project, India, Travel

Himalaya Solaire is a humanitarian association which aims to install solar panels in India in Ladakh. The association raises money all year round via public grants, private partnerships and events organized with ENSG students (meals, evenings, etc.). It works in conjunction with primary schools and colleges. The goal is to tell them about India and the missions carried out, but also to show them around the ENSG to talk to them a bit about geology.

Why do you absolutely have to join us?

We are proud to be able to work with students because it creates a link between the ENSG and local schools. That it's the best association in Géol of course! And that we are here to create a link between the ENSG and the other side of the world, Ladakh. Because we have the most useful project in school and the most stylis

We are the best association, take a look on insta: [@himalayasolaire](#)

Tasks :

- ✦ Allow students to apply their knowledge and skills acquired during their training while obtaining compensation in return.

Keywords :

Companies, Training, Management

Junior Conseil et Études is a student association whose objective is to carry out business and laboratory projects in the field of geosciences by engineering-geology students from the ENSG. The association is managed similarly to a design office by a group of 15 students. For its manager members, the JCE is a professionalizing experience from the point of view of management, communication, and sales. For students carrying out studies, this experience is professionalizing from a scientific and technical point of view.

Why do you absolutely have to join us?

We are very professional, and we bring a plus to your CV.

We leave you the choice to find out: insta [@ensg.jce](#) or linkedin <https://www.linkedin.com/company/ensg-jce/>

Keywords :

Geology, Energy, Oil

Tasks :

- ✦ Help develop a critical mind on certain subjects, all through conferences and outings.
- ✦ Push to speak to as many people as possible, and therefore to have members from the most diverse backgrounds possible.

The SPE (Society of Petroleum Engineers) is an organization created in 1957 which unites geoscience engineers from all over the world. This organization, originally created by petroleum for petroleum engineers, aimed to share the knowledge and skills of engineers around the world. Today, its objective has not changed, but it continues to evolve by diversifying its activities in the service of energy geology.

Why do you absolutely have to join us?

Membership is free and will allow you to have access to the many resources of the SPE, namely, beyond a very large address book, online courses on many subjects related to energy geology. Finally, there is a close link between our chapter and that of the IFPschool.

More info on our linkedin: [spe-géol-student-chapter-nancy](#)

Keywords :

Music, Rock, Concert

Tasks :

- ✦ Rehearsals of the merry troupe.
- ✦ Production in the bars and MJC of Nancy with groups from other engineering schools.

An institution in Géol! This music group has existed for many years and brings together two school teachers and enthusiastic students in a friendly way in a common project: to make our walls vibrate to the sound of our instruments and to bring animation to the school!

Like the phoenix, the group is reborn from its ashes with the arrival of new student musicians and is enriched by individual experiences and varied instruments ranging from traditional guitars, drums, keyboards to trumpets, violins, cellos, and clarinets (we also had an accordion and a harp!) for a joyful mix of styles! Our resolutely pop/rock repertoire enlivens student evenings at Géol and delights listeners.

Why do you absolutely have to join us?

If you are interested in music and want to join us, just push the door of our rehearsal room and you will be welcome.

**Tasks :**

- ✦ Spread good humor on campus.
- ✦ Strengthen the links between the three engineering schools on campus.
- ✦ Present the work of the different clubs and poles of the schools.

Keywords :

Festival, Improvisation,
Schools

The Fatras is back for a new year! Fatras is the arts, theater and improvisation festival on the Brabois campus. For 4 days in February-March, students from ENSEM, ENSAIA and ENSG produce performances of dance, improvisation, music and theater in the evening that they will have prepared in their different clubs and poles during the year.

Why do you absolutely have to join us?

We make you live a great moment of joy, laughter, and good mood.

To get a taste of this great event you can come and look at our facebook page while waiting for D-Day : **Fatras**

for more info

First of all congratulations for the path you have taken to get here, whether from prep or college. It wasn't easy and you did it. I hope you will enjoy it during these three years, the region, the city, the classes and especially the school associations!

Associations punctuate the life of an engineering school. And at Géol we are served! There are many, for all tastes. They bring life to the school. But the one I'm going to tell you about is the one I know best: the BDE or le Bureau Des Élèves. In addition to leading, he coordinates other associations, integrates new arrivals, takes care of the well-being of students, organizes events all year round. Parties but also conferences, outings, meals...

If necessary, do not hesitate to contact the BDE, we will do everything we can to help you! See you soon and enjoy reading this little guide concocted by us to discover all the associations of Géol !

THE PREZ'
